JOSIE CONNOR

1st Assistant Director CV - Based
between York & Leeds (LS24)*

As a 1st assistant director, I am calm yet persistent. In addition to usual preparation, I always make sure to have thorough one on one conversations with each HOD to gain enough insight and answer any questions they may have, thus ensuring the crew and the shoot runs smoothly, on time and within budget.

I have been involved in a mixture of short films, feature films, music videos and live events, with a number of those productions including green screen, studio, stunts, fire, heavy snow and children / young teens (small and large groups of max 250). These productions have given me the opportunity to work across the UK and overseas in France, America and Australia.
